

Statement showing the details of works of public utility to be executed out of Local Funds General from the allotment of Rs. 15,000 for the year 1892-93, as required in Government Proceedings Nos. 13717-26—L. 1417 and 14080-8—L. 1466, dated 2nd and 9th March, respectively.

District.	Taluk.	Town or Village.	Description of Works proposed to be executed.				Deputy Commissioner's opinion on each work.	Order of Government.	Amount sanctioned for each work.
			Name.	Necessity or Usefulness.	Approximate Cost.	Contributions expected, if any.			
Bangalore.	Bangalore.	Manne Kolala ..	Constructing stone revetment to the Go-katte.	The Deputy Commissioner, having during his tour observed that revetting with stones was necessary, directed that it should be done with rough stones ; but as they are not procurable, the same is proposed to be constructed with burnt stones.	300	..	Recommended to be carried out.		
		Hagadur Mazare Immadihalli.	Constructing stone revetment to the existing drawing well.	The Deputy Commissioner during his tour towards Vartur, having inspected the well, directed that it may be revetted, if the Amildar considered it necessary. The villagers having done the entire earthwork, the Government has only to undertake stone work which is necessary.	200	..	Do do		
		Chikka Banavara.	Constructing stone revetment for the well sunk last year out of Local Funds General.	Owing to the urgency of drinking water here, a well was sunk ; but as it may collapse, if stone work is not done, the same has been recommended now.	250	..	Do do		
		Yesvantpur ..	Sinking a drinking water well.	This is very necessary for the convenience of the people residing near the Police Station, as also travellers going to and from Bangalore and Tumkur. The want of a well is much felt here.	320	..	Do do		

Do	Kodati	Sinking a drinking well	As there is no drinking water well close by for the use of raiyats of this village, the want is very much felt. The Deputy Commissioner, having also observed this, noted the same in his inspection notes and ordered a well. The raiyats have taken up the earthwork, stone work has to be done by Government.	250	..	Do	do
	Do	Sinking a drinking well for Holeyars.	The Holeyars who require a separate well for themselves, having brought the want to the notice of the Deputy Commissioner, a well was ordered to be sunk for them. The earthwork will be executed by these people, stone work has to be done by Government.	100	..	Do	do
	Sivanahalli	Repairing the well	The inhabitants of this village having brought to notice the great want of water both for the people and the cattle and a great portion of the earthwork having already been executed by the raiyats, it is proposed to revet this with stone.	150	..	Do	do
	Total, Bangalore Taluk...			1,570			
	Hoskote Taluk.						
Hoskote.	Hoskote	Repairing the road to bathing ghat and Sandhya mantap in the Hoskote Taluk.	Necessary	100	..	Is a legitimate charge, the road is outside the Municipal limits and the work will benefit the Taluk at large.	
	Hindiganal	Deepening the spring kunte at the Sante Topes.	Do	98	..		
	Nagarenhalli	Repairing and deepening the well and stone facing.	Do	100	..	Outside the Municipal limits. Beneficial to the public at large. Recommended to be carried out.	
	Chikkagatte Ganabbe.	Repairing the well with stone revetment.	Do	70	..	Do	do

District.	Taluk.	Town or Village.	Description of Works proposed to be executed.					Deputy Commissioner's opinion on each work.	Order of Government.	Amount sanctioned for each work.
			Name.	Necessity or Usefulness.		Approximate Cost.	Contributions expected, if any.			
Bangalore.	Hoskote.	Nidagatta ..	Repairing the well with stone revetment.	Necessary	.. ..	120	..	Recommended to be carried out.

	Total, Hoskote Taluk. . .					1,886		
	<i>Dodballapur Taluk.</i>							
	Jodi Kalladevanhalli.	Bridge over the Kodi channel.	The only fresh water well in the village is on the other side of the channel, villagers find it very difficult to fetch water during rainy season and the bridge is therefore necessary.			30	Do	do
	Hanabe ..	Converting a large mantap into a Musafarkhan.	This is large and important village. A large weekly fair is held here. The mantap has cost over 1,000 Rs. It could be well preserved and utilized for useful purposes, if converted into a Musafarkhana.			250	Do	do
	Gangadharapura ..	*Repairing the Kalyani.	There is a large temple close by. A car festival is also held here on a large scale every year, when thousands of people assemble for the jatre. Cattle also are brought for sale on a small scale. The well will also be useful for travellers passing on the Kolar-Sompur road. There is no well within a radius of two or three miles.			250	Do	do
Dodballapur.	Dargapura ..	Repairing the katte and the well.	This katte and the well are near the Taluk Cutcherry and out of Municipal limits. The restoration of the well will prove useful to the many raiyats who attend the Cutcherry. And if the 6 acres of land close by are planted with trees so as to form a small tope, and a small shed, for the use of the several officers, visiting the place, be also erected, the work will prove of immense advantage, considering that the Travellers' Bungalow is situated beyond a mile from the town.			300	The Board think this a very useful work and likely to serve many people.	

This work may cost more than the estimate. The excess may be collected from the volaries of the temple.

District.	Taluk.	Town or Village.	Description of Works proposed to be executed.				Deputy Commissioner's opinion on each work.	Order of Government.	Amount sanctioned for each work.
			Name.	Necessity or Usefulness.	Approximate Cost.	Contributions expected, if any.			
Bangalore.	Dodballapur.	Gundangere ..	Constructing a chavadi ..	There is no chavadi in the place for the public.	150	..	Recommended to be carried out.		
		Rajagatta ..	Repairing a matapam ..	This is on the Chikballapur-Sompur road, situated in a large fine tope and is very useful for travellers. It will be better frequented by travellers after the opening of the Hindupur Railway line, as it will be a resting place between Nundy and Dodballapur.	100	..	Do do		
		Madure ..	Constructing a bridge ..	There is a cross country road from Dodballapur to Madure, Kodihalli, Gollahalli and Nelamangala. There is a large stream running across the road between Madure and Kodihalli villages. Travellers feel this obstruction very much almost during the whole year. A bridge will be very useful.	75	..	The opinion of the Executive Engineer is to be obtained.		
		Heggadahalli ..	Repairing out-houses attached to the temple in the village.	This village is at the foot of the Nundy hills. After the Railway line is opened for traffic, there will be many travellers moving to and fro. It will also be very useful to Taluk and other Government officials.	45	..	Recommended to be carried out.		
		Total, Dodballapur Taluk. . .				1,200			
		Nelamangala Taluk.							
		Melapura ..	Sinking a drinking water well and stone facing it.	Will be very useful for men and cattle	120	..	Do do		
		Madinayakanahalli..	Do do ..	Do do do	140	..	Do do		

Do	Nelamangala.	Tavarekere ..	Repairing the drinking water well and stone facing.	Do	do	..	131	..	Do	do	
		Govenahalli ..	Do do ..	Do	do	do	100	..	Do	do

		Nelamangala ..	Sinking a drinking water well in the Taluk Cutcherry compound.	Do	do	do	504	..	This is in a central locality, and it will be highly useful to the public. Chief Engineer in his docket No. 2,302, dated 4th May, has referred the project for being undertaken from under Local Funds General.		
		Total, Nelamangala Taluk...					1,657				
24	Kankanahalli.	<i>Kankanahalli Taluk.</i>									
		Cart track from Satnur road, 41st mile.	Four culverts to be constructed over the water courses from Jakkegaudan Doddi at the 41st mile, Satnur road, through Gerahalli <i>via</i> Honc-yur on the road connecting the Satnur-Channapatna road.	Many carts pass by this road. The present condition of the road is very bad. The want of culverts is therefore felt.			240	.	Recommended for sanction.		
		Somanahalli ..	Constructing bridges or tunnels over the water course across the road leading to Somanahalli from the 16th mile of Bangalore-Kankanahalli road.	As small water courses have cut up the road on which much traffic is going on, the construction of the bridge will prove very beneficial.			100	..	Do	do	

District.	Taluk.	Town or Village.	Description of Works proposed to be executed.				Deputy Commissioner's opinion on each work.	Order of Government.	Amount sanctioned for each work.
			Name.	Necessity or Usefulness.	Approximate Cost.	Contributions expected, if any.			
Bangalore.	Kankanhalli.	Gabbadi ..	Constructing a chavadi ..	This will be very useful for the inhabitants of the village and also for travellers who may happen to come there.	100	..	Recommended for sanction.		
		Linganapura ..	Sinking a well ..	The want of a well is much felt here by the people.	100	..	Do do

				Total, Magadi Taluk. . .	1,975				
				Deduct Contribution. . .	100				
				Net Amount to be sanctioned. . .	1,875				
				<i>Closepet Taluk.</i>					
	Closepet.	Halimala (Ramgiri hills.)	Erecting a stone mantap of 6 ankanams (stone in chunam).	Many people who resort to the temple are now put to great inconvenience for want of a suitable place to halt at and cook their meals. This present proposal will prove highly beneficial to all classes of people.	400	..	Do do		
		Vaderhalli	Constructing a tunnel on the road leading to Ramgiri hill.	At present, people and carts going to the hill in the rainy season find the passage difficult as water and rubbish accumulate on the way. The proposal not only removes this nuisances but will be of great use to carts going up the hills.	600	..	Referred to the Public Works Department for investigation		
		Honganur ..	Constructing steps to the tank at Honganur.	This village comprises a population of different castes, who solely depend on the tank water, both for drinking and domestic purposes. People have often been complaining of the necessity for constructing the steps. The work is necessary. This will be of great use to the villagers as well as to those passing through Satnur road.	200	..	Recommended for sanction.		

Do	Channapatna Sub-Taluk.	Anjanapur ..	Completing the well work taken on hand last year.	A rock has been met with and a further allotment is therefore necessary for the completion of the work.	75	..	Do	do
